

Sahil Jounwal : Music Producer, Guitarist & Educator

A professional music producer, session guitarist, and dedicated music educator with over eight years of experience crafting exceptional audio landscapes. His creative journey spans a diverse sonic spectrum, having produced, arranged, and mixed music across major genres including Pop, Rock, Heavy Metal, and Electronic Dance Music (EDM). His work stands at the intersection of traditional musicianship and cutting-edge studio technology, proficient across leading Digital Audio Workstations (DAWs)—including Cubase, Logic Pro, and Ableton Live—and specializes in advanced musical transcription using Guitar Pro. Beyond traditional production, his technical expertise extends to pioneering modern workflows, including AI-driven music loop generation and composing custom background scores for short films.

Highlights:

- A Bachelors in Music Production from True Music School, Mumbai
